

## MENTOR FORM

If you are interested in mentoring our team, fill-out the information below and mail to:

Royal Robotics Team  
Lynnwood High School  
18218 North Road  
Bothell WA 98012

or sign-up online at our website:

[www.2522LHSrobotics.com](http://www.2522LHSrobotics.com)

Name: \_\_\_\_\_

Phone: (\_\_\_\_) \_\_\_\_-\_\_\_\_  cl  hm  wk

email: \_\_\_\_\_

Best time to reach you: \_\_\_\_\_

Days available: Mon Tues Wed Thurs Fri Sat Sun

Approximate hours I can give (per month): \_\_\_\_\_

Skills I can share (mark all that apply):

mechanical design  mech. manufacturing

electrical design  elec. manufacturing

programming  CAD  website design

project management  administration

marketing  team image/branding

community outreach  animation

other: \_\_\_\_\_

\_\_\_\_\_

## MISSION STATEMENT

Our Goal is to create a strong robotics team at Lynnwood High School that achieves the following:

- A. Welcomes all students, mentors and sponsors, and makes them feel like an important part of the team.
- B. Provides experience with and teaches skills in technology including: mechanics, electronics, programming, web page design, animation, CAD, machining or other areas related to competing in the FIRST robotics competitions.
- C. Provides experience with and teaches organizational skills including: marketing, administration, communications, budgeting, project planning, or other areas necessary to running a robotics team.
- D. Acquire and retain support for the team and FIRST from the school, the school district, mentors, sponsors, the community and legislature.
- E. Effectively competes while following the FIRST idea of "Gracious Professionalism".

# Royal Robotics

Lynnwood High School

**FRC Team 2522**

**FTC Team 3035**

## What is Royal Robotics?

"ROY" our 2008 Robot

We are a team of students that compete in FIRST robotics competitions.

We design, build, program, and test robots. First Tech Challenge robots are 18 inches tall. First Robotics Competition robots are 5 feet tall. We are learning skills for our future.

We also learn about administration, marketing and other aspects of team organization and leadership. We are also involved in finding ways to increase community knowledge and support for technology.

2009 Seattle Regional

Each year, the FIRST organization, creates and organizes contests where teams from all over the world participate in local, regional and national competitions. Teams earn awards for excellence in competing, technical design, innovation, business, safety, website design, CAD, animation and more.

Mentors help the students learn technical and administrative skills to run their own teams.

Sponsors help with funding, supplies/services and providing mentors.

## GETTING INVOLVED

There are several ways you can support this program.

First, attend a competition (they're free). See FIRSTWA or our team website for upcoming events in your area.

Second, consider mentoring. You can have a great impact and have fun. See our website for more info.

Third, we can always use sponsors. See sponsorship levels below. Or there is our annual spaghetti feed/dessert auction in the Fall. Check out our website for information or tickets.

Finally, help spread the word! Tell others about us and about FIRST.

### SPONSORSHIP LEVELS

**\$1-\$99** Knight/Lady: Name is listed on our website with link to your website (if have one), and team sticker.

**\$100-\$499** Duke/Duchess: Level one + name on team t-shirt, logo on website, and certificate/ team photo.

**\$500-\$749** Prince/Princess: Level two + team t-shirt, paragraph on website, framed certificate/team photo, and logo or name printed on robot.

**\$750+** Queen/King: Level three + team presentation, Special recognition as partner, logo or name printed on team banner, and own page on team website.

Donations may include cash, products and services (value of products/services determine level)

## SPONSOR FORM
